DREER'S

WHOLESALE PRICE LIST

FOR

Florists and Market Gardeners

SUMMER EDITION.

July. — 1891 — August.

HENRY A. DREER,

714 Chestnut Street, Philadelphia, Pa.

Established 1838.

To Our Customers.

PHILADELPHIA, JULY 1ST, 1891.

- ☞ In placing before you the Summer edition of our Wholesale Price List we desire to call your attention to our list of **Palms**, of which we now offer a full assortment in all the most saleable sizes. We offer, in the present issue, a choice lot of **Celery** and **Cabbage** plants, which are grown in large quantities at our **Riverton Nurseries**; also **Vegetable** and **Flower** seeds for **Summer** sowing and a special list of **Forcing Bulbs** for **Fall** delivery.
- ☞ When sending your order please write *Name, Post-Office, County and State*, as distinctly as possible, especially the name; also the *nearest Express Office*, or, if on a Stage route, send us special directions, giving us the name of the Express Company delivering goods.
- ☞ Remittances should be made by Post Office Money Orders or Postal Notes, Drafts on Philadelphia or New York banks, or Express Money Orders. Where it is not possible to obtain these, the letters should be registered. Remittances should not be made otherwise than as above directed.
- ☞ Add for postage 10 cents per pound to prices quoted in this catalogue when seeds are to be sent by mail.
- ☞ We decline sending perishable goods *Collect on Delivery* to distant points, unless a remittance be made on account, to guarantee the acceptance.
- ☞ Shipments of plants should be made by express, though to near-by places the goods will go safely by freight. We beg leave to say, however, we assume no responsibility whatever for safe delivery of plants by freight, and the goods travel solely at buyers' risk.
- ☞ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.
- ☞ Kindly notify us if goods are not received promptly. Address all letters on business direct to the house, to insure prompt attention.

This, our blue cover Wholesale Price List, is issued quarterly, on or about the following dates:

Winter edition, January 1st to March 31st.

Spring edition, April 1st to June 30th.

Summer edition, July 1st to August 31st.

Fall edition, September 1st to December 31st.

Celery and Cabbage Plants.

CELERY PLANTS.

Ready July 1st.

Celery requires a moist, rich soil, and will not thrive in poor soil and dry situations. After the plants have attained a height of 5 or 6 inches they should be set out in rows three feet apart and six inches in the row. When twelve to fifteen inches high, the soil should be loosened by the use of the plow or hoe and the plants be "handled." This operation consists of drawing the stems upright with one hand, and pressing the soil firmly against the plant with the other; by this process the plants grow upright and can be easily cultivated and blanched by drawing the soil close up to the plant. Celery should receive thorough cultivation if good results are desired. To store for winter use select well drained ground, dig trenches 1 foot wide and deep enough to cover the tops of the plants. Pack the stalks in this in an upright position, covering with boards to shed the water, and in severe weather protect with straw or leaves.

CABBAGE PLANTS.

NOW READY.

LATE FLAT DUTCH. Grown from our select Late Flat Dutch Seed. It is a strong vigorous grower, producing solid heavy flat heads of excellent flavor and good keeping qualities.

LARGE DRUMHEAD. A favorite variety with market gardeners. Heads extra large, solid and good quality.

PERFECTION DRUMHEAD SAVOY. The largest solid heading sort among the Savoy. It combines the vigor and hardihood of the cabbage, with the richness of the Cauliflower.

RED DRUMHEAD. A large solid variety. The best for pickling.

LATE FLAT DUTCH.

30 cts. per 100; \$2.00 per 1000.

Vegetable Seeds for Mid-Summer Sowing.

Improved Round Podded Red Valentine Bean.

Our strain of this valuable market bean is unquestionably the best and earliest that can be procured. The pods are perfectly round, smooth and stringless, and of a bright green color.

Qt. 25 cts.; peck \$1.50; bush, \$5.00.

Improved Rust-proof Golden Wax Bean.

This excellent variety is an improvement on the Golden Wax. The pods are thicker, more productive, and, if anything, of better quality, but its greatest merit is the fact that it is absolutely rust-proof.

Per qt. 25 cts.; peck \$1.50; per bus. \$5.00.

Improved Prolific Black Wax Bean.

This improved strain of the Black Wax Bean is exceedingly valuable, being more vigorous in growth and vastly more productive than the old variety. The pods are longer, rounder and more fleshy, of a clear waxy white color, remaining a long time in condition for use as snaps.

Per qt. 25 cts.; peck \$1.50; bush, \$5.00.

CABBAGE.

Early Jersey Wakefield.

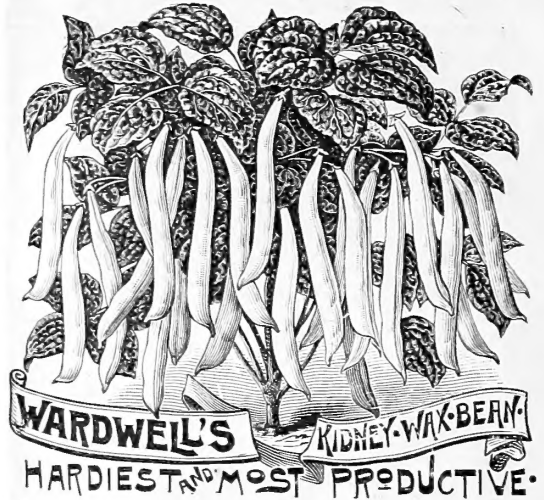

The best and most reliable sort for market gardeners. Comes early into market, and makes heads of good size and of excellent flavor. The seed we offer is from the same strains that have heretofore given perfectly satisfactory results.

Per oz. 25 cts.; per lb. \$3.00.

Large Early Jersey Wakefield.

An extra selected sort, producing large solid heads, of good quality. It is only a few days later than Early Jersey Wakefield, which it excels in size and ability to stand without bursting open.

Per oz. 25 cts.; per lb. \$3.00.

Wardwell's Kidney Wax Bean.

This is one of the very best of the Wax sorts. It is almost totally rust-proof; is a heavy cropper and bears long, brittle pods of a delicate waxy yellow color, entirely stringless and of fine buttery flavor.

Per qt. 30 cts.; peck, \$1.75; bus. \$6.00.

Thorburn's Extra Early Refugee Bean.

An early round-podded green bean, ripening about a week later than improved Red Valentine. Our tests of this variety have proven its value and we can recommend it to our customers as in every way desirable. As a pickling bean it has decided merit. Its round and shapely pods of a light green color and its abundant crops will make it desirable for market.

Per qt. 25 cts.; per peck \$1.50; per bus. \$5.50.

EARLY JERSEY WAKEFIELD.

DREER'S EARLY DRUMHEAD.

Dreer's Early Drumhead.

A second early variety maturing about ten days later than the Wakefield. Broad round head, quality best, very fine grained, tender and of excellent flavor. The heads often weigh 20 lbs.

Per oz. 25 cts.; per lb. \$3.00.

Henderson's Early Summer.

An early variety, with large solid heads, coming in a few days later than the Wakefield, and rarely bursting open when fully matured.

Per oz. 25 cts.; per lb. \$3.00.

Succession Cabbage.

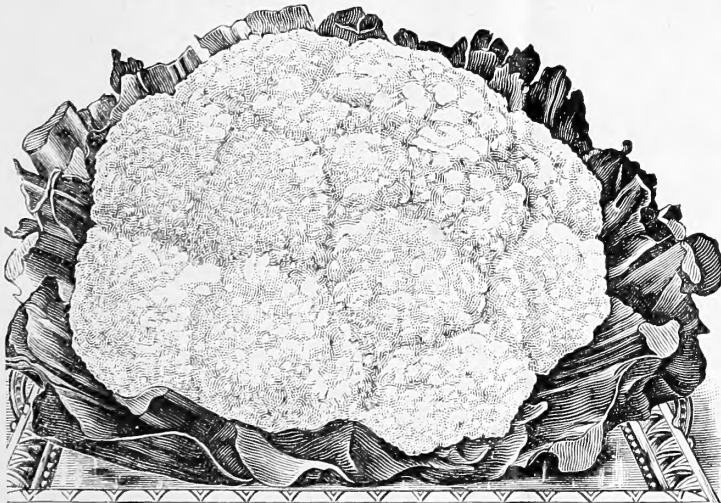

A second early round headed sort that will doubtless find favor, as it heads very evenly and comes in a few days after Early Jersey Wakefield. Of good quality and in all respects a desirable sort.

Per oz. 25 cts.; per lb. \$3.00.

All Seasons Cabbage.

A second early Drumhead Cabbage. The heads being large and thick through, make it a most excellent variety, either for early spring or fall marketing. In sweetness, tenderness, and richness of flavor, it is very superior, ranking equal to the oxheart class.

Per oz. 25 cts.; per lb. \$3.00.

DREER'S EARLIEST SNOWSTORM.

Cauliflower.

Dreer's Earliest Snow Storm.

The earliest and best of all for forcing or open ground culture. It is a dwarf, with short outer leaves and can be planted 2 feet apart each way; always sure to make large fine heads earlier than any other, and is the market gardener's favorite.

Per large pkt. 50 cts.; oz. \$6.00.

Cauliflower.

Dreer's Selected Dwarf Erfurt.

Dwarf and compact, can be planted 18 inches apart each way. The heads are large, close, pure white, and of the finest quality. Our strain cannot fail to give satisfaction, whether grown in boxes or in the field. Large pkt. 50 cts.; per oz. \$3.00.

Cauliflower.

Early Snowball.

An extremely early dwarf variety, producing magnificent white heads of fine quality. Well adapted to hot bed culture, or for planting in open ground.

Large pkt. 50 cts.; per oz. \$3.00.

Ne Plus Ultra, Little Gem or Shoe Peg Sweet Corn.

An old but excellent variety that is grown around Philadelphia by those who know a good thing. It is very sweet and luscious, and especially adapted to family use. It bears 3 to 4 ears (averaging 5 inches in length) on a stalk, and for drying or canning purposes it is incomparably the best, its small size being in large measure atoned for by its productiveness and its exquisite flavor.

Per qt. 20 cts.; per peck \$1.00; per bus. \$3.50.

Olive-Shaped Golden Yellow Radish.

A new very early yellow Radish, adapted for forcing and the open ground, maturing in about twenty days. Per oz. 10 cts.; per lb. 75 cts.

Dreer's Imperial Long Standing Kale.

A beautiful curled and crimped sort. Of strong, vigorous habit, perfectly hardy, attractive appearance and a bright green color. It is superior to all other sorts, and is undoubtedly the best for market.

Per lb. 60 cts.; 10 lbs. \$5.00.

Norfolk Curled Kale.

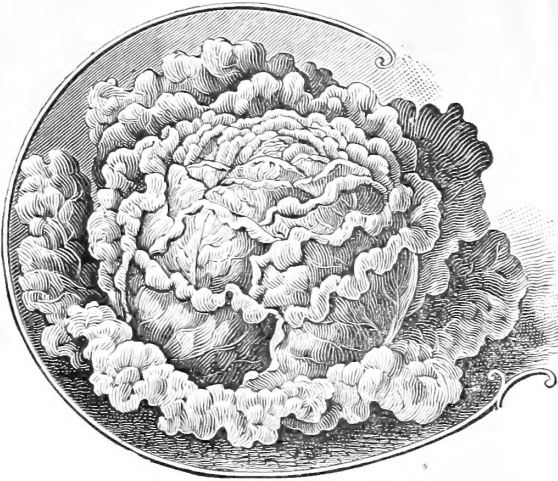

This variety has been the main stay of southern truckers, as it is perfectly hardy, keeps green, and winters remarkably well. Our customers will find this a variety that will meet their wants.

Per lb. 50 cts.; 10 lbs. \$4.00.

Dwarf Curled German Kale.

Leaves yellowish green, finely fringed; sow in September for winter and early spring use.

Per lb. 50 cts.; 10 lbs. \$4.00.

Silver Ball Lettuce.

This is one of the best all the year round Lettuces we know of. It is an excellent variety, as well for early spring and summer use as for winter forcing. The heads are silvery white, very firm and compact, with beautifully curled leaves. It is of fine quality, very tender and crisp, and does not soon run to seed.

Per oz. 15 cts. ; per lb. \$1.50.

Early Dutch Butter Spotted Lettuce.

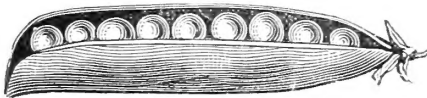

Producing fine large heads of excellent quality, and one of the best forcing and market sorts; also stands the heat well in summer.

Per oz. 15 cts. ; per lb. \$1.25.

Philadelphia White Butter Lettuce.

Also known as Ridge Lettuce. One of the best known forcing varieties, largely grown by the Philadelphia market gardeners, fine, large, solid heads of a light green color, and very tender. The best early sort.

Per oz. 15 cts. ; per lb. \$1.25.

Dreer's Extra Early Pioneer Pea.

An extra early pea that will meet the views of those in want of something good. The pods are full of plump peas of delicious flavor, and are devoid of the coarseness of many of the early sorts. It can be gathered in two pickings and bears a heavy crop. We can safely recommend this to private and market gardeners who desire a first-class early pea.

Qt. 20 cts. ; peck \$1.00 ; bus. \$4.00.

McLean's Advancer Pea.

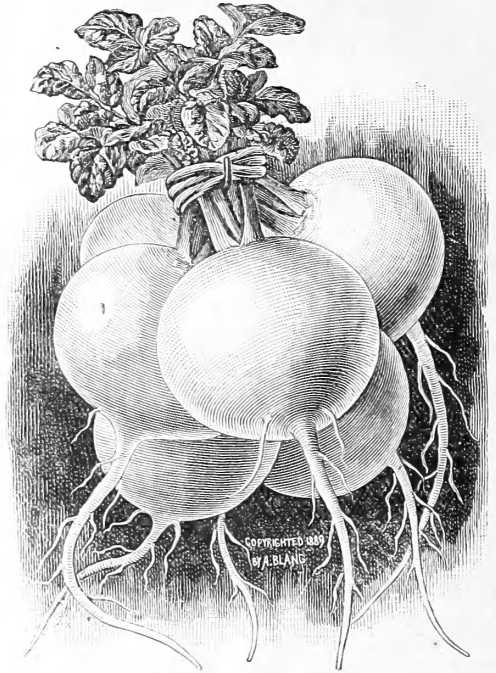

A fine early market variety, prolific, well-filled long pods, tender and of delicious flavor. 2 feet.

Qt. 20 cts. ; pk. \$1.00 ; bus. \$4.00.

American Wonder Pea.

The earliest wrinkled variety in cultivation: in productiveness, flavor and quality it is unsurpassed. It is of dwarf and robust habit, growing from 10 to 12 inches high. Will mature in 33 days from time of planting.

Qt. 25 cts. ; peck, \$1.25 ; bu. \$5.00.

Zitter's Selected White Box Radish.

A perfectly round, white variety, free from any sharpness or bitterness, and the quickest of the white sorts. We have supplied it largely to our market garden customers the past two seasons with entirely satisfactory results.

Per oz. 10 cts. ; per lb. \$1.00.

Cardinal Globe Radish.

We can safely recommend this sort as being of first quality in all respects for market gardeners. Of globular shape and brilliant red color, with short top, and especially adapted for forcing, as it will stand a large amount of heat without becoming pithy; flesh tender, crisp, and in quality all that can be desired.

Per oz. 10 cts. ; per lb. 60 cts. ; 5 lbs. \$2.50.

White Strasburg Radish.

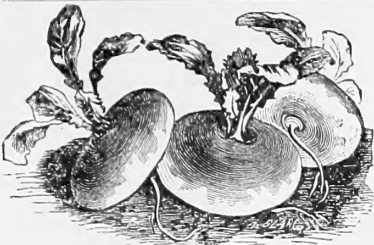

This excellent variety is largely grown as a summer Radish. Of a tapering shape, skin and flesh pure white, tender, crisp, and of mild flavor; it is very desirable for summer and fall use.

Per oz. 10 cts. ; per lb. 60 cts.

Krewson's Oblong Black Spanish Radish.

A choice selected stock of the Round Black Spanish Radish, with very dark skin and white flesh, very compact and highly flavored, an excellent keeper and one of the best of winter varieties.

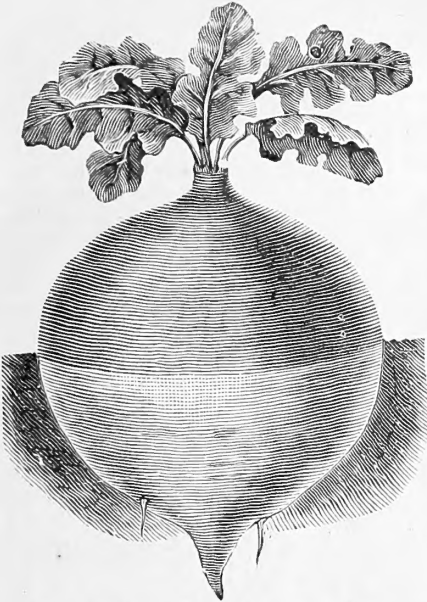

Per oz. 10 cts. ; per lb. \$1.00.

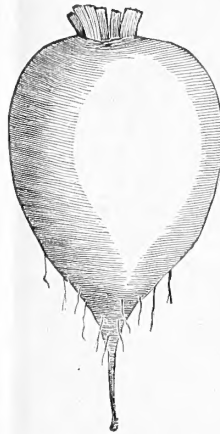

PURPLE TOP STRAP LEAF.

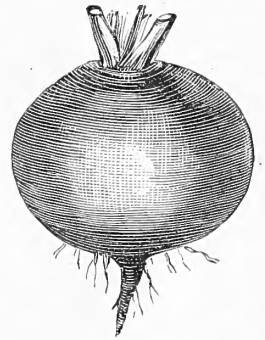

WHITE FLAT DUTCH.

IMPROVED YELLOW PURPLE TOP RUTA BAGA.

WHITE EGG.

YELLOW GLOBE.

TURNIPS.

Our turnip seeds are grown for us by responsible men, and we are certain that the quality is all that can be desired.

Extra Early Purple Top Munich. Two weeks earlier than any other, of handsome appearance, white with purple top, flesh snow-white, fine grained and delicate. $\frac{1}{4}$ lb. 10 cts.; lb. 40 cts.

Early White Flat Dutch. Early, white-fleshed, of quick growth, mild flavor, and excellent quality; also grown for a fall crop. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Early Red, or Purple Top Flat. This is the principal sort for spring and for fall use; top is red or purple above ground, fine grained, of mild flavor, and a good keeper. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Early White Egg. Egg shaped, flesh white, firm, fine grained, mild and sweet; an extra keeper; a first class table and market sort. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Long White, or Cow Horn. Very productive, flesh white, fine grained and sweet, of excellent quality for family and market gardener's use. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Large White Norfolk, or Globe. A large, globe-shaped variety, flesh coarse grained and sweet, one of the best for feeding stock. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Purple Top White Globe. Globular shaped, very handsome and of superior quality. It is a heavy producer, or rapid growth, and an excellent keeper. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Golden Ball, or Orange Jelly. Globe shaped, bright yellow color, good keeper, and a superior table variety. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Yellow Globe, or Amber. Flesh firm and sweet, of large size, and excellent for table use, keeps well until late in the spring. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Yellow Aberdeen. A good keeper, globe shaped, yellow, flesh firm. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Improved Yellow Purple Top Ruta Baga, or Swedish Turnip. The leading market variety. Hardy, productive, flesh yellow, solid, sweet, fine grained, and of good flavor. $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Krewson's Improved Purple Top Ruta Baga.

This is a very fine selection of the purple top yellow Ruta Baga, growing to a much larger size than the ordinary stocks. The root is smooth, flesh fine grained and solid. It is a variety that takes well in the market. $\frac{1}{4}$ lb. 20 cts.; per lb. 75 cts.

Eight cents per pound must be added to price when ordered to be sent by mail.

FLOWER SEEDS.

We call especial attention to our choice strains of *Aster*, *Cineraria*, *Calceolaria*, *Gloxinia*, *Pansy* and *Primula*, which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third, excepting novelties, on which we can only allow 25 per cent.

Half trade packets can be supplied only where noted.

BALSAM.

Perfection Double White.

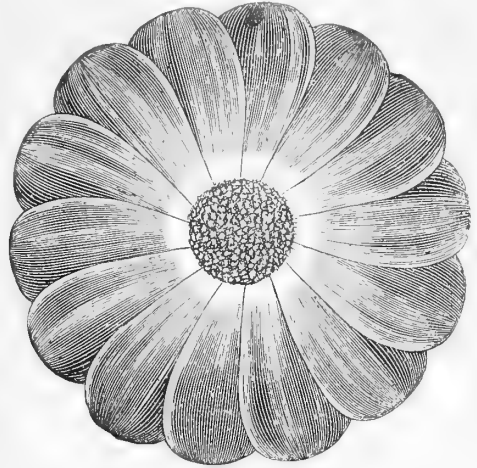

We have sold this strain of seed upwards of 15 years to the entire satisfaction of all who grew them, and the sale of it has increased very largely every succeeding year. The flowers are very double, pure white, very much resembling a Camellia. *The first buds should not be allowed to open, but should be picked off, the result will be that the flowers coming out thereafter will be strictly double.*

**Fancy Leaved Caladiums.**

For many years the Fancy Leaved Caladiums have been a special feature of our establishment. We grow several large houses of these beautiful plants alone. Our collection has been carefully revised and contains only first-class, distinct and well-marked varieties, and is acknowledged to be the finest in the country. We list 40 fine sorts, but from our collection of over 100 sorts we are able to supply other varieties equally distinct and fine.

Import Orders for Budded Roses.

The following are strong two year old dwarf budded plants worked low on the Manetti. We have been handling this stock extensively for the past few years ; the general satisfaction expressed by nearly all who have tried it induces us to recommend this class of plants more highly than ever, whether it be to grow on, for wood for propagation, for cut blooms, or for flowering for spring sales.

Orders at these low prices will not be received after September 1st, and for not less than 100 plants, or five of a kind.

New Polyantha Rose "Clothilde Soupert."

This very beautiful variety is entirely distinct from all other Polyantha Roses, the flowers being nearly as large as Boule de Neige, which it very much resembles in shape. They are of a pearl white shaded at the centre with silvery rose, and are produced in the greatest profusion.

Strong 3 inch pots, \$1.50 per doz. ; \$10.00 per 100.

New Rose.

Augustine Guinoseaux.

The White La France.

Another distinct sport from that popular variety, "La France," with which it seems to be identical in habit, form and vigor, but in color it is a delicate blush at the centre, growing lighter and lighter until along the edges it is almost a pure white.

3 inch pots, \$3.00 per dozen.

American Beauty.

3 inch pots, \$10.00 per 100.

The New Forcing Rose

"WABAN."

A RED MERMET.

This very valuable rose originated at the Waban Conservatories of E. M. Wood & Co., Natick, Mass. It is a sport from Catherine Mermet, and identical with that variety in every characteristic excepting color, which is a rich deep bright pink ; it sustains the same relation to its parent as Duchess of Albany does to La France. The only objections to C. Mermet is its frequently pale insipid color in cloudy weather, experience has shown that the Waban retains its deep rich color in all kinds of weather ; it will without doubt, prove to be as valuable as **The Bride**, which is also a sport from the same fine variety.

It has already received the SILVER MEDAL of the Massachusetts Horticultural Society ; a **Certificate of Merit** from the Pennsylvania Horticultural Society, also from each of the other societies of this country and Canada, where it has been shown.

Bulbs for Forcing.

A still further reduction in prices.

Since the issue of our April List prices on bulbs for the present season have been definitely settled, and we are now enabled to quote still lower prices for some of the leading bulbs, notably on the Roman Hyacinths. Orders already received will be given the benefit of this reduction.

We especially commend our Roman Hyacinths and Bermuda Lilies to your notice, for besides being so much less in price this year the bulbs promise to be of unusually fine quality.

THE PLANT DEPARTMENT

WE take especial pleasure in calling the attention of our customers to this department of our business. Extensive improvements made at our Riverton establishment during the past season place it second to none in the country. There are now over one hundred thousand square feet of glass devoted entirely to the growing of greenhouse plants, while many acres are devoted to the growing and cultivation of hardy plants.

Our stock of decorative plants, Palms, Dracaenas, Pandanus, Ferns, etc., is probably the most complete in the country, twenty-five large houses being now required for this class of plants alone, while we give close attention to all other desirable stock, such as Roses, Azaleas, Camellias, Caladiums, Tuberous-rooted Begonias, Gloxinias, and all bulbous and tuberous-rooted plants, New Cannas, Carnations, Double Petunias, Orchids, hardy herbaceous plants, hardy vines and creepers, such as Clematis, Ampelopsis, Wistaria, etc.

Our packing and shipping department has also been greatly improved and enlarged by the addition of a large packing house, 150 x 25 ft., which is fitted with all the latest improvements for the prompt and rapid handling of orders. The sketch at the head of this page is from a photograph and represents an every-day scene of activity in this department, where plants are being carefully packed for shipment to all parts of the country, at all seasons of the year. We trust with these increased facilities to give even better service than heretofore.

We extend a cordial invitation to our friends to visit our nurseries at Riverton, which can be easily reached in 30 minutes' time from Philadelphia by hourly trains.
